Questions / Comments

- MWR Life magazine is a waste of money. You should do a survey to see how many people actually read this. No one I know reads it. It's on the Fort Campbell Website.
- The magazine is published at no expense to MWR or the Army. Please let give us suggestions to improve it. I disagree that no one reads it. This month, for example the magazine lists all of the Holiday Activities on Post and suggestions for events in surrounding community. There is a great recipe for Santa's Whiskers in the magazine. Check it out.

- There seems to be a problem with rats on all the lawns right now. Can they spray for them? The ladybugs are everywhere and so are spiders. Our lawnmower man in Harper village has been bitten several times by brown recluse spiders. Black widows present a problem and we need to do something about this before a child is bitten.
- The rats are really moles. Call housing about this. They are harmless and usually moles move on from year to year. Your local housing office can arrange spraying for insects in houses. Brown recluse spider bites are very serious. If you see, or think you see a Brown Recluse, kill it and put it in a plastic bag. Take it to Vet Services.

Fort Campbell, Kentucky

- When is the indoor pool opening? What are they doing about the old Lee Village houses, are they really livable? Estep gym ceiling on pipes and fans, hanging wall art is disgusting, can they get new stuff? Dust needs to be vacuumed. We shouldn't be breathing all the dust.

1. Planned opening is January.
2. They are tearing old Lee down and rebuilding new quarters. This has been done in phases so as not to have a shortage of housing.
3. Thank you for mentioning the dust at Estep. It will be cleaned.

Questions/Suggestions

- Fort Campbell needs a dog park.
- DPW is building two and maybe a third. There will be one in northern part and one in southern area. If another is built it will be in the middle area of Post.
- Can we reestablish the single NCO barracks?
Because of continual deployment schedule soldiers are having difficulty finding housing while deployed.
- There is a pilot program being built at Fort Drum where off post housing is a shortage. In our area, this is not the case. On Post NCO housing would be more expensive, than what housing costs off post.

Fort Campbell, Kentucky

- Why, if you purchase gas at the airfield shoppette using your credit card and if a receipt is not printed at the pump, you have to go inside and request a receipt? The manager has to take your card in the back office and print a receipt. Why does my card have to leave my sight?
